Subject: RE: CLOSE HOLD: RAF CRA TP Draft Guidance Document
Attachments: CRA Guidelines External Review Comments_GM.docx

Good Morning Kathy et al.,

I have reviewed Chapter 2 and the Glossary of the attached draft CRA Guidelines document. I have included a few comments and suggestions. Thanks for the opportunity to review these sections of the document.

Best Regards,
Gio

Subject: CLOSE HOLD: RAF CRA TP Draft Guidance Document

Hi All,

In preparation of our meeting later today at noon regarding coordinating efforts across program offices, I am attaching the annotated CRA draft for our discussion. Lawrence has outlined the peer review comments in the margin that the CRA TP is currently working on resolving. While Lawrence and I are co-leading the Chapter 2 writing team, and that is the purpose of this meeting, Lawrence is also leading the efforts for revisions with the Chapters 1 and 3 writing teams. We can discuss more when we meet.

I've also attached the current timeline to completion for a revised draft.

PLEASE NOTE: The draft CRA guidance document is an internal work-product – not to be distributed. Please keep a **CLOSE HOLD.**

Talk to you at noon.

Thanks,
Kathy.
